

MT-FPM1-UV

Digital UV Flatbed printer

High Efficient A1 Size UV M1 Printer, direct to Carpet, Glass, Plastic etc printing, professional RIP software and stirring apparatus provided. Large size Printing.

Features

- Screen: Touch panel and full color screen
- Control System: PLC Control, programmable and upgradeable.
- Transmission Type: Wi-Fi, USB, Ethernet interface
- Printing Size: 64*150cm (effective printing size: 60*125cm)
- Alarm System: Up, Down, Front, Back, 4 directions with alarm system
- Emergency Stop: YES!
- Maintenance: Separate maintenance box for easy access

APPLICATIONS

Paper

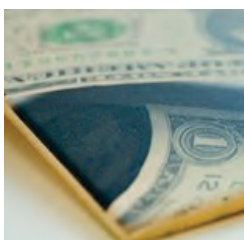

Carpet

Glass

Plastic

Ceramic

Wood

Machine Type:	Automatic, Flatbed, UV LED Lamp, Digital Printer
Application:	Almost Any Material
UV Curing System:	LED UV Lamp (Air Cooling) Max. Print Gap:14cm
Print Speed:	A1 size 5 minutes (The data is based on 720*720dpi resolution)
Print Material Weight:	Up to 40kg
Power Requirement :	50/60HZ 220V(±10%)<5A
Environment:	20 ~ 28 C HR40-60%
Print Head:	Epson DX5 (Nozzles 180x8)
X/Y/Z-axis motors:	Stepping Motors
RIP Software:	AcroPrint
Software Language:	English/Chinese
Operation System:	Microsoft Windows 98/2000/XP/Win7
Ink color:	K C M Y W W W W
Ink Supply System:	Continuous Ink Supply System(CISS)
Interface:	USB2.0
Machine Net Weight:	400KG
Machine Dimension:	L237*W146*H138cm
